Prerequisites:

This program is designed for healthcare providers whose daily occupations demand proficiency & knowledge in the skills of Basic Cardiac Life Support (CPR). The BLS for Healthcare Providers course is designed to review, organize, and prioritize information and skills needed to manage a cardiac arrest and other life threatening emergencies such as airway obstruction, heart attack and stroke at the BLS level.

The American Heart Association strongly promotes knowledge and proficiency in BLS, ACLS and PALS and has developed instructional materials for this purpose. Use of these materials in an educational course does not represent course sponsorship by the American Heart Association and any fees charged for such a course do not represent income to the association

Cancellation or changing enrollment in class five or less days prior to class will result in a \$25 administrative fee being charged.

Refunds for cancellations will be made upon return of course materials
